

Since 9-11, I have heard the cries for “peace” and “safety”.

While people are saying, “Peace and Safety”, destruction shall come on them suddenly, as labor pains on a pregnant woman, and they will not escape. 1 Thes. 5:3. At His urging, I have been watching for these words since I read them more than 20 years ago. I believe this time has now come.

For days on end, from March through May 2005, I had a dark foreboding sense of urgency and yet, very little understanding of it's nature. Great anguish and angst, a feeling of tribulation and suffering was on me as if I were about to die. I believe I was in touch with feelings that are forthcoming to a more global community.

These are some of the things The Lord shared with me in April and May:

=====

APRIL

The cries of peace and safety resound, as those who kill you believe they are offering a service to God.
Earthquakes in diverse places shake the foundations of the world.
The hot air that has fueled the world economy is being let out of the balloon and will leave many who trust in riches destitute.
The wars have begun and will not cease until the end.

These are the birth pains.
Time is short.
Delivery is at the door of eternity.
Do you hear the agony of creation waiting for it's vindication?

MAY

Do not expect things to be as they have always been.
What has passed for normal is going to change in a radical way.
You are not entitled to life as you have known it,
I am going to shake the foundations of man and this world.

=====

Using these words as a backdrop, I believe we have crossed the threshold into a time of great tribulation. It will be a shake up of major proportion and it could in fact be the beginning of the end. It's not mine to speculate.

I believe The Lord has shown me visions of a major economic collapse.
An economic / monetary / currency war if you will.
Everyone will be affected, some will be ruined, others will be wounded but be able to limp through.
Those who are in debt will be crushed, those without their focus on Him will despair to the point of death.
I saw great anguish and torment in these pictures.

I have sensed earthquakes, volcanic activity and other strident geological phenomena. Changes or shifts to our sun and solar system acting in concert with these earth changes. Creation groaning in anticipation as what has passed for normal changes in a radical way.

I have been pregnant with all of this since the spring of this year. Now I believe I am released to

say something. The time of the Autumnal Equinox Sept. 21 and the Winter Solstice Dec. 21 have been dates that continually return to me as relevant. I don't know exact times or dates but I have a sense for the season.

This season will be akin to our Father trimming and cutting back His garden.

A stripping down, a nakedness.

The ease of what we have used in the past to comfort and clothe ourselves will be removed and trimmed back.

It will be a purification to the body and a destruction to the unbeliever, though some will be saved.

It will reveal our true trusts.

If this is true, it will self evident and will need no further explanation.

I am not happy about this but I am compelled by my faith to share.

I would rather be wrong and considered crazy than to be right and watch the torment of the trimming but it is beyond my control.

Please pray for wisdom and understanding.
