

**2-4-17**

Woe unto you man, who thinks by study you have come to know me. Everything has been revealed if it has been understood at all. The pride and arrogance of your effort is an abomination to Me. What glory is it to Me if you think you have attained. You do not understand the Unity of God and how We operate. We made you in our image but you have taken on the image of Satan who seeks himself, thinking he could make himself like the Most High.
